

A GUIDE FOR IMMIGRANTS AND FOR COMPANIES WHO EMPLOY THEM

How To Live and Work in the UK is an essential guide for newcomers to Britain and any HR or personnel department as they embark on employing foreign workers or students.

Written by one of the leading experts in immigration, Matthew Collins of Ambler Collins, and his colleague Nicky Barclay, this new book provides all the information you will need to ensure you understand your duty of care to migrant workers.

Commenting on his reasons for writing the book, Collins says, *“Nicky Barclay and I deal with immigration applications and relocating people every day. My firm has been at the forefront of this global industry for the last 20 years and has a vast amount of experience in dealing with these issues. Today more people than ever move for the purposes of family, employment, business and study. In 2009/2010 the UK will probably accept more than 500,000 foreign and international students.”*

He goes on to say, *“All migrants are usually information hungry and want to know as much as they can about their new destination and how to carry on their lives in a law-abiding fashion once they get here.”*
